G.O. No. 1265, Education, dated 27th May 1953.

[Educational concessions—Children and dependants of certain Backward communities—Grant of—In elementary and secondary schools—Orders passed.]

Read—the following paper :—

From the Director of Public Instruction, dated 20th March 1953, Roc. No. 258E-4/53.

Order —No. 1265, *Education, dated 27th May* 1953.

Under the Madras Educational Rules, pupils belonging to the Barber, Fisherman, Dhoby and Potter communities are at present allowed fee concessions at half the rates in educational institutions. The Government have had under consideration for sometime the question of adopting measures for allowing children and the dependants of persons belonging to these four occupational communities larger educational facilities than hitherto.

2. The Government after considering the above question have decided that children and dependants of persons who belong to these four communities and practise their hereditary occupations in rural areas, i.e., areas other than municipalities and major panchayats be exempt from the payment of fees in elementary schools and in secondary schools up to and inclusive of the III Form.

3. For the purpose of obtaining the fee concessions, the parent or guardian of the pupil is required to make an application to the headmaster of the school in which his child or dependant is to be admitted or is studying together with a certificate duly signed by the village munsif, in the form prescribed in the appendix to these proceedings. The headmaster of the school on receipt of the application with the certificate is required to admit the applicant's children or dependants without the levy of school fees. The pupil will thereupon be eligible for the fee concession until he completes the elementary school course or the secondary school course up to and inclusive of the III Form. The concession will be withdrawn from the pupil if he is detained in any class; but it will be revived as soon as the pupil secures promotion to the next higher class or form.

4. No conditions as to the religion of the pupil should be raised in granting the concessions sanctioned in this order. The departmental authorities should ensure that the conditions mentioned in the form in the annexure are strictly enforced.
